October Is Upon Us

October is absolutely my FAVORITE month of the year. If we don't get full-on fall temperatures, we at least get a taste, or at least a tease, of more wonderful things to come.

If you are new to our state, don't be fooled by a couple of cool mornings. Fall is not actually here yet and when it *does* get here, it will only last a couple of days, at which time it will either revert back to summer or go straight to winter. We have actually observed all four seasons inside a single week. So, break out your parkas and your flip-flops and welcome to "fall" in the South.

Now onto important stuff!

October is:

- Adopt A Dog Month
