Penguin Awareness Day

I'm not sure there are people who are not *aware* of penguins, so perhaps it should be called something else. But, regardless, penguins are too cute, waddling around in their little tuxedos and flapping their arms. I also love watching them swim at the zoo.

Fun Facts About Penguins:

- A group of penguins is called a raft.
- Male Adelie penguins give females rocks as gifts.
- Male emperor penguins gather together during the winter to protect the eggs.
- Male & female penguins take turns sitting on the eggs & taking care of the babies.
- Although penguins are birds, they can't fly because they do not have wings. They are, however, great swimmers.
- Gentoo penguins can swim up to 20 miles per hour.
- Penguins do not have teeth.
- They spend half of their time on land & half in water.

Now for the important stuff.

Weekly Giggles

-I thought I was losing weights, but it turned out my sweatpants came untied.

-Cause of Death: "Patient laid down the boogie & played that funky music 'til he died."

-Home Depot should allow men over 40 to have birthday parties in their stores.

-Walmart: the only place on earth you can get a haircut, eye exam, ice cream sandwich, tires for your car, and witness a real-life "what not to wear" episode!

-Forget gym memberships. We need brunch memberships. Monthly fee for unlimited mimosas & waffles? Sign me up!

-My therapist: Why aren't you being honest with me? Me: Because I don't want to be hospitalized.

-Call me childish, but beating the GPS time is an extreme sport for me.

More Giggles

-All of us are a little weird. Some of us are just honest about it.

-Taking a dog named "Shark" to the beach is a very bad idea.

-My kids totally get along. As long as they aren't near each other, looking at each other, playing a game together, or breathing the same air, they're all good.

-Just relax and accept the crazy.

-I'll call it a "smart phone" the day I yell, "where's my phone?" and it answers, "I'm here. Under your coat."

-Don't worry about walking a mile in my shoes, just try a day thinking in my head.

-I might wake up early & go running. I might also wake up & win the lottery. The odds are about the same.

-I read recipes the same way I read science fiction. I get to the end and think, "well, that's not going to happen."

-They say with age comes wisdom, so I don't have wrinkles, I have wise cracks.

My 8-yr-old in the car today: "Do you want me to throw the confetti in my pocket?"

Me: "No, not in the car! Wait! Why do you have confetti in your pocket?"

Child: "It's my emergency confetti. I carry it everywhere in case there is good news."
