

GOLDEN AGERS

Celebrating Seniors, Enjoying Life & Laughter

VOLUME 10, ISSUE 13

MARCH 27, 2026

It's "Laugh at Work" Week!

Confucius said, "choose a job you love, & you will never have to work a day in your life." Yeah, I almost never quote Confucius, but in this case, I think he was onto something. Maybe Billy Joel said it better. "Do what you love, and you'll always love what you do." Either way, since we spend the majority of our time at our jobs, being happy at work, in my humble opinion, is the secret to true happiness. (That & being married to a man who loves you thru your craziness.)

I remember my interview for this job. I was asked how much longer I planned to work. Hmm. My first thought was, "I don't think you can legally ask me that." My second thought was, "Wow, how old do you think I am?" Luckily, the tiny, sane part of my brain took over and I said, "I don't know; as long as it's fun."

I'm three months into my 10th year here & I can honestly say that this job gets more fun every year. We laugh in this office *all the time!* Don't believe me? Stop by on a Thursday when *everybody* is here! It's a zoo. Not the boring kind where all of the animals are asleep. The *fun* kind where the animals are off their medication & are allowed to roam free. Where else would I be allowed to write a goofy newsletter about nothing? Or

put crazy cartoons in the bulletin? Or put an entire paragraph in the bulletin about nonsense just to see if anyone is actually reading the bulletin? Even our delivery folks are laughing. Of course, we give them snacks, so that may be why...

Things That Made Me Laugh This Week

- I've always assumed ironing boards were surfboards that stopped pursuing their dreams & got real jobs.
- What do you call a wreath made of \$100 bills? Aretha Franklins
- What's Irish & stays outside all year? Patty O'Furniture
- I was going to start a Taxi service just for seniors and call it Oldsmobile.
- The fact that Keith Richards has outlived Richard Simmons really makes me start to question this eating healthy and exercising thing.
- Don't be mad at lazy people. They didn't do anything.
- I hope the weather is nice on spring break for my trip to Puerto Backyarda. I'm getting sick of Los Livingroom.
- Always remember the good times in your life...like when your knees used to work.
- I love the phrase *Bear with me*. It either means *Be patient!* or *The Zoo heist was a success*.
- Drunk people, children, and leggings always tell the truth.
- Adulthood. Probably the worst hood I've ever lived in. Very ghetto here.
- If you love someone, let them sleep.
- What idiot called it a VET instead of a DOG-TOR?
- When you think about it, it's the worst possible place for her to sell seashells.
- Almost everything will work again if you unplug it for a few minutes, including you.
- At least whatever is wrong with me made me a really funny coworker.
