

Golden Agers Rock!

CELEBRATING SENIORS MAKING THE BEST OF THE REST OF THEIR LIVES

VOLUME 6, ISSUE 2

JANUARY 21, 2022

Ice? Again? Where's the SNOW?

Ok people, we live in the South for a very good reason—we don't like to be this cold! Oh, I don't mind the occasional snow flurries, but we don't get that very often. I even like the kind of snow that falls gently through the night and is gone by noon the next day. But we only get ice—the kind that makes the roads slick and makes the limbs break and takes out power lines.

Kathryn & Cody had about a foot of snow this past weekend in Brevard. Papa Steve went to help in case they lost power (son-in-law was working at the hospital in Cheraw). Steve spent most of his time shoveling but still got to play a little. Cody was fascinated by it all!
