Celebrating Seniors, Enjoying Life & Laughter

VOLUME 10, ISSUE 15

APRIL 10, 2026

## Weather. Decide Already!

Tell me you live in S.C. without *telling* me you live in S.C.

-You wear a sweatshirt in the morning & shorts in the afternoon.

-There's frost on your car when you leave for work & the kids are in the pool when you get home.

-You have on your heat at night & the AC by 3 pm.

Yes, the weather in SC is *crazy* this time of year. On the plus side, if you play it right, your electricity bill drops, mainly because you refuse to turn back on the heat. *And* you still get one more chance to wear that cute sweater you got for Christmas (but only until lunch time).

The old joke is, "don't like the weather here? Don't worry. It'll be different later in the day." In January we had temps from 23° to 70°. February had some nights around 21° but always has a few days in the 75-77° range (that's the month the USC students from up north are out in bathing suits). March is the sweet spot when the average temp is 56° at night and 71° during the day. It's the nice time of year to sit at the firepit with friends.

*And then comes April.* (cue creepy music)

It was 82° on the 1st, so we all changed over our closets in preparation for the hell that is summertime in S.C. Then we woke up this week to a windchill of 38°. WHAT? And that's not the worst thing that April does to us.

April is the month of the *yellow wind*. If you have a white car, you know what I'm talking about. The weather is great for being outside, but everything, and I do mean *everything*, is covered in pollen! The oak trees are dropping their pollen grenades over every surface & the wind makes sure they get spread around even to the places that don't have oak trees.

Luckily, pollen season doesn't last and soon we will be longing for cooler days. According to weather.com, we will have 91° for a few days beginning on the 16th. On the plus side, it will be in the mid-50's to 60's every morning this month. So, if you're an early riser, you're in luck. Take that cup of coffee outside and enjoy the crisp mornings, because we all know those sticky 80° mornings are right around the corner. Ugh...

**May 3rd is Homecoming!**

**We would love to see all of you there!  
We're having a picnic under big tents  
in the back of the cemetery.**

**We will have golf carts to shuttle you  
down (I know it's a long walk). There  
will be a bouncy house & a water  
slide. Belly is fixing BBQ.**

**If you need a ride, call me. I have  
folks who would LOVE to come get  
you. It's our 246th birthday & we  
want you at the celebration!**
