

Golden Agers Rock!

CELEBRATING SENIORS MAKING THE BEST OF THE REST OF THEIR LIVES

VOLUME 4, ISSUE 39

OCTOBER 16, 2020

International Necktie Day

If you're wearing a necktie (or cravat) today, you can thank (or blame) the Croatians for this stylish invention. It's unclear when the necktie was invented, but Croatian soldiers wore red cravats as part of their uniform during the Thirty Years' War (1618-1648). Croatian mercenaries carried it to Western Europe that same century, and the French borrowed the idea and dubbed it the *Cravate*.

The holiday isn't normally a big to-do, but the country's capital city occasionally gets pretty festive. In 2003, when the holiday first debuted in Croatia, an oversized red necktie was wrapped around Pula Area, a Roman amphitheater. It took two years to prepare and five days to install—and at 2650 feet long, it ended up being the largest necktie in the world, as recognized by Guinness World Records.

Cravat Day was formally declared a holiday by Croatian Parliament in 2008, and it's been a hallmark of Croatian culture ever since.

Now on to the “important” stuff...

The 4th week of October is:

- Character Counts Week
- Friends of Libraries Week
- Rodent Awareness Week

Some fun only lasts a day.

- 17th**-American Frog Day
- International Sloth Day
- Mulligan Day
- National Pasta Day

When I know someone's trying to eat better so I eat all the junk food:

"...I will cure you of backsliding."
~ Jeremiah 3:22

Dads, whenever a kid scrapes their knee:

"Your wound is incurable, your injury beyond healing."
~ Jeremiah 30:12
