**IT WAS A BUSY WEEK!** If you drove by the church last week, you may have noticed a lot of work being done. We had to replace a compressor on one of the PLC A/C units, cut down a dead tree behind the PLC, replace two modules on our security cameras, repair the leak near the steeple and repair a leak on the roof of the office. It was a busy place! Thank you to all who have contributed to the Maintenance fund so repairs can be made when needed.

**It is greatly appreciated!**
