

# Golden Agers Rock!

CELEBRATING SENIORS MAKING THE BEST OF THE REST OF THEIR LIVES

VOLUME 6, ISSUE 19

JUNE 10, 2022

## School is Out and Construction Has Begun!

For those of you who haven't been by the church in awhile, the brilliant folks at SC Dept. of Transportation are building a Round-About at the intersection of Old Cherokee and Saint Peter's Road. It's designed to ease traffic flow. During this particular phase, it's just a huge 4-way stop with men with signs guiding traffic. As I see the "flow" outside of my window all I can say is—avoid the area at all costs from 9 am to 5 pm Monday-Friday.

Ok, so I'm off a little (some would say more than a little), so I'm playing catch up this week with our celebrations.

One big reminder! This is Pastor Bill's last month with us, so there are lots of extra things going on around here. If you are interested in attending his drop-in reception on June 26th between 2-4 pm, please let me know and I'll come pick you up & bring you to the festivities. You don't have to stay the entire time.
