## Who Doesn't Love Tulips??

I have always loved tulips! They don't last very long, but while they're here they are gorgeous! The more there are, the prettier they are! For years I had joked with our daughter Elizabeth that she always sent flowers to her grandma, but never sent any to me.

*Side Note: I don't really like live flowers because they cost a LOT and don't last very long. I actually prefer the artificial kind. I still have some hubby gave me shortly after we were married and yes, they're still beautiful.*

Imagine my surprise when one day our daughter sent me a beautiful bouquet of tulips!! They were fabulous & they lasted for at least two weeks! Yes, the thought was wonderful, but the CARD... well, the card was awesome and still hangs on my bathroom mirror.

*I love you Mom. Thanks for all that you do & for giving us your quirky sense of humor. Don't work too hard.*

*Tulips are flowers & flowers are nice.  
And for a distant Valentine  
They will have to suffice.  
These flowers are white & pink & red  
And I thought I'd send you some  
Before we're both dead. 😊*

Yep, that's my girl. A little twisted, just like her mama but she changes her own oil, kills big deer, sings like an angel, loves Jesus with all her heart & would give you the shirt off her back.
