

## Were You Born in July?

Sometimes while researching all of the many “holidays”, I discover things about people instead of events. For example, people born in July tend to have these interesting character traits:

1. They prioritize family.
2. They usually act as calm as possible.
3. They are extremely curious.
4. They forget their bad experiences as time goes by.
5. They're very sensitive.
6. They're not into nonsense talks.
7. They are good advisors.
8. They are extremely concerned about other people.
9. They possess great charisma
10. They are high-spirited & determined to remain positive.

This week we celebrate National Freezer Pop Day on July 8th. This is a new holiday as this is only the 2nd year for an official celebration. These cool (no pun intended) treats are sold in stores under many names—Fla-Vor-Ice, Kool Pops, Otter Pops, Pop-Ice—which we have all had at one time or another. But, did you ever make your own??

Having grown up in a family with four girls and a mom who stayed home with us,

there wasn't a lot of money lying around for extras. SO, Mom did what most moms did—she bought the Tupperware thing that turned anything liquid from Kool-Aid to sweet tea into a popsicle. Not exactly a freezer pop, but always fun & always delicious!

Do you still have your Tupperware popsicle maker? Do you still make those for your grandkids?
