

Another Split Week—February to March

It's one of those weird weeks—half in one month & half in another. It's like being at Carowinds with one foot in NC and one foot in SC. Well, not really, but you get the idea.

We've also been split between seasons, as we almost always are in SC. Today is Ash Wednesday and it's supposed to be 83 degrees today. Hardly February weather, but we'll gladly take it over 12 degrees on Christmas Eve.

Remember, let me know if you need a ride to worship. We miss you!!
