

GOLDEN AGERS

Celebrating Seniors, Enjoying Life & Laughter

VOLUME 7, ISSUE 17

APRIL 28, 2023

Lumpy Rug Day? Who Knew?

I know some of you think I make up all of this nonsense. Well, I'll admit I make up some of it, but 99% of it is true and 100% of the stories I share are true! In my deepest imagination, even I could not have dreamt of a day to honor lumpy rugs. It sounds quite ridiculous!

After exhaustive research, I have found that Lumpy Rug Day was established to "encourage people to pay attention to their lumpy rugs. Over time fibers can get pulled & bunch up, creating an unfortunate lump." Is that really such a bag thing? No rug can or will last forever, except perhaps that orange, yellow, & brown shag carpet from our first house. I do have a beautiful hooked rug that is beginning to show some wear, but since I purchased it from an estate sale 20 years ago, I didn't really expect it to last forever. To me, the worn places just add a little character in an otherwise formal piece.

I guess that's why I prefer the old fashioned hooked rugs. Lovingly braided and sewn together, they can be repaired, even patched and still look great in my home where everything, including me, is a little used, repaired, and patched.

Ok, now on to the important stuff!

May is:

- American Cheese Month
- Adopt a Horse Month
- Drum Month
- Family Reunion Month
- Gardening for Wildlife Month
- Get Caught Reading Month
