Time for Fall Activities

It's time for some fun! There are some interesting things "planned" for this week according to the "celebrations" calendar. Some things go together, and, sadly, some do not. For example, I'm not sure banana pudding and tacos go well together, but we'll find out on the 4th. On the 5th it implies that teachers will "get funky". Yeah, I'm not seeing that. We have fruit & noodles on the 6th, and salmon & octopus together on the 8th. On the 9th we have beer & pizza on Family Bowling day. Hmmm...yeah, not feeling it. The only day they got it right is on the 10th when it's hug a drummer on music day. Much better. Have fun!

Things My Guardian Angel has Probably Said

- She's lucky I'm not physically able to slap her.
- I'm going to pretend I didn't hear that.
- Are you sure she's created in Your image?
- I'm gonna need backup. She just had another horrible idea.
- I left her alone for five minutes!?!
- Can I get a raise??
- Would it be unethical to place a bet on how long she survives?
- I'm gonna need you to stop giving her free will.
- She has mistaken a terrible idea for a sign from You.
- You gave her wisdom...could she please use it at least once.
- That was her sign & she **completely** ignored it.
- Interesting choice. Terrible choice, but definitely an interesting one.
- And that's why we can't have nice things.

Things That Made Me Laugh

- When people say, "you look so familiar" respond with, "were we in prison together?" - conversation killer.
- I'm not rude, I'm just honest. Sometimes the truth sounds like attitude.
- I'm having a really rough Friday today, because I keep realizing it's Wednesday.
- Me: this is a hard escape room.
Manager: you're at work.
- Today I'm choosing kindness, but we'll see...it's still early.
- They say 'the machines of the future' will be as smart as people. But WHICH people? Because it matters...a LOT.
- I don't need to be driven crazy. I'm close enough to walk from here.
- Switching to "I hope this email finds you in a well" to see if anyone notices.
- Good morning! Today we are going to stay hydrated & ignore people who raise our blood pressure.
- Can I please get an ETA on "this too shall pass"?
- Y'all ain't right.
- Some of y'all's cornbread ain't done in the middle.
- Salons always have hair on the floor. Garages always have oil on the floor. Banks, what is your problem?
- Remember reaching into a huge cooler the size of a chest freezer, & pulling out a drink that was dripping with ice cold water, popping the bottle cap off with the built-in bottle opener at the corner store? I miss those days.
