

Spinach Lovers Month? Really?

Who comes up with these crazy things to celebrate? I can appreciate Apple Month or Caramel Month, but who is the bored person with nothing else to do than to sit around and think, “hey, I like to eat seafood. We should take a month to celebrate that.” Is there a person who is trying to get off of caffeine and thinks we should all recognize the struggle? Ok then, who was the weirdo that decided we need an entire month devoted to toilet tank repair?
